Re: Issue raised by CC CPSU International Department

In 1975-76, a group of representatives [members] of the Socialist Party of Chile underwent a nine-month military training course; according to the SPC leadership, this was instrumental in considerably improving the Party's performance in this sphere. To this end, Comrade Carlos Altamirano, Secretary General of the Socialist Party of Chile, has requested (see appendage) that the USSR accommodate another group of 15 SPC representatives [members] to undergo a 11-month course of military training in 1977.

We consider that the above request of Comrade C. Altamirano should be granted; that the USSR should accommodate this group of 15 SPC representatives [members] and provide for their 11-month military training; that their accommodation, training arrangements, and traveling expenses from Santiago to Moscow and back should be provided and recompensed by the Ministry of Defense of the USSR. This matter has been coordinated with the Ministry of Defense of the USSR (e.g., Comrade Kulikov). Comrade L. Corvalan supports Comrade C. Altamirano's request.

Enclosed herewith is a draft Resolution of the CC CPSU.
