Re: Request of the CPC leadership

The leadership of the Communist Party of Chile (CPC) has requested that the CC of the CPSU receive and accommodate in the USSR (see enclosure) 20 CPC activists, for a term of up to three months, organize a course training in clandestine Party activities, and assist in the withdrawal from Chile of 4 underground Party leading members while sending there an equal number as replacement. Our Chilean friends request that the traveling expenses of the said CPC representatives be paid.

It is our opinion that the request of the CPC leadership should be granted; that the accommodation of the Chilean comrades should be entrusted to the International

Department and the Department of Administrative Affairs, CC CPSU, whereas their training, equipment, and the *issuance of the required ID papers* should be entrusted to the *Committee for State Security*.

All expenses involved in the travelling of the above-mentioned comrades from the country of residence to Moscow, and from Moscow to Chile, including living, equipment, foreign-exchange payroll, and other expenses in conjunction with the request of the CPC leadership, could be charged to the Party budget reserve [expense items]. This matter has been coordinated [agreed upon] with Comrade S.L Tsvigun, Deputy Chairman of the Committee for State Security of the USSR.

Draft CC CPSU Resolution is enclosed herewith.

Attention: CENTRAL COMMITTEE
OF THE COMMUNIST PARTY OF THE SOVIET UNION

Dear Comrades?

As during this year, we are planning personnel training for *clandestine Party* missions.

In view of this, we request that you receive and accommodate 20 comrades, and that you pay their two-way traveling expenses.

Also, considering the need to replace certain comrades who are currently in Chile, we request that you assist with the withdrawal from this country of 4 comrades and with sending as many replacements, and that you pay their traveling expenses and assist them in every other way.

Fraternally yours,

Americo Sorriglia, on behalf of CC CPC
